BERE

Orrin L. Keener

May 23, 1961

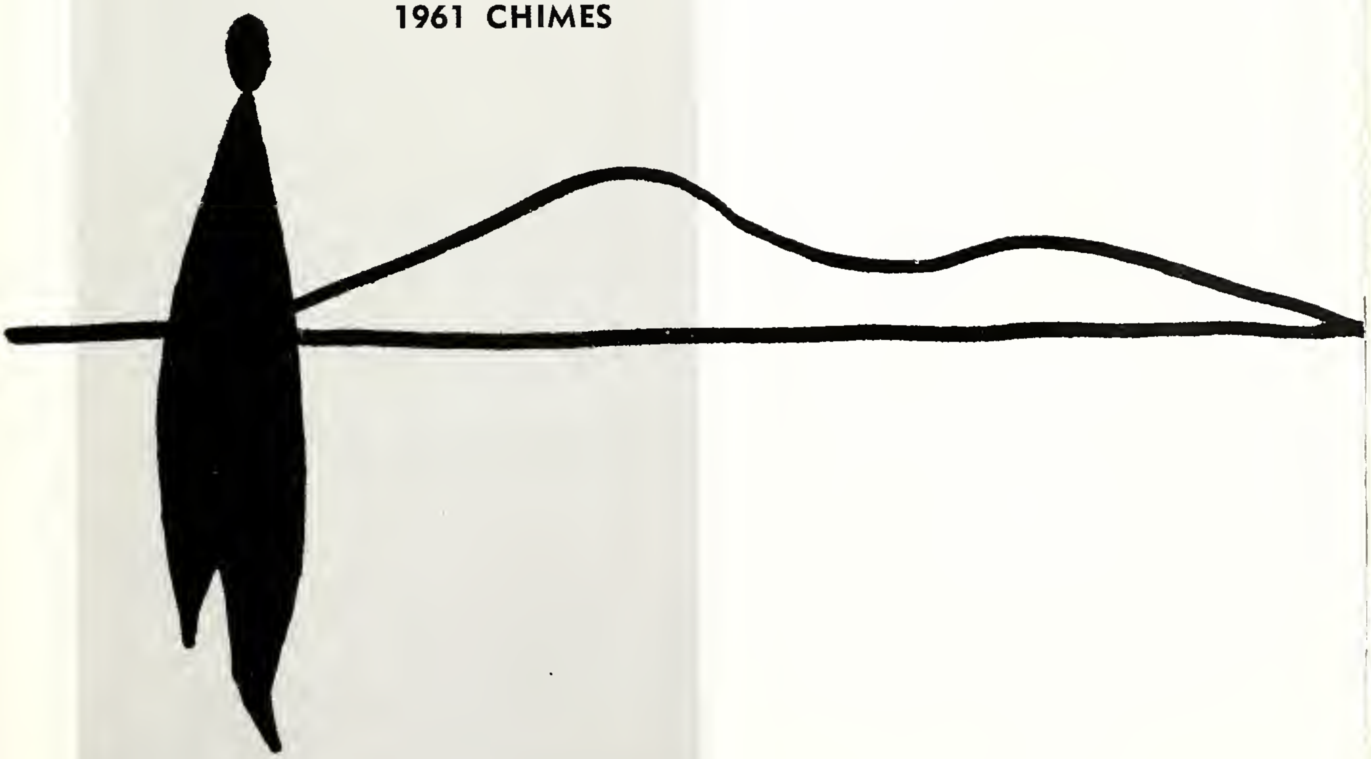
This is the student.
This is the place.
These are the faces
we know.

These are the people
who taught us—
who molded and
inspired us.

This is the place of study—
of laughter
and of warmth.

We are the earth . . .
from which
grows the future.

1961 CHIMES



Dedication

Because he has loved us, inspired us, and taught us that which is finest in life and knowledge—on behalf of over nine generations of Bereans, we dedicate this yearbook to Dr. Waldemar Noll.

Dr. Waldemar Noll came to Berea in 1924 and through the years has rendered an outstanding service to the college as a professor of physics. He is recognized too, as a politician and athlete. At right, Dr. Noll is shown receiving a gold "B" for his service in the field of athletics.

Pretty Good Evidence

Sustained popularity is the best evidence of quality. If Standard Oil gasolines had not demonstrated their dependable quality to three generations of motorists, they would not be able to continue to lead in sales year after year.
